Subject: Virtual Event - Regional (AFRA) Training Course for Nuclear Medicine Professionals on New Trends in Nuclear Medicine, Vienna, Austria, from 2 to 5 November 2020

Dear AFRA National Coordinator / Project Coordinator,

I am pleased to inform you that the International Atomic Energy Agency (IAEA) is organizing a Virtual Regional Training Course under the IAEA technical cooperation project RAF6057, "Strengthening the Quality of Nuclear Medicine Services (AFRA)" to promote innovative ways of delivering our programme in the face of the unprecedented health crisis due to the COVID-19 pandemic.

The purpose of this virtual event is to train nuclear medicine physicians on new trends in Nuclear Medicine (NM), advanced principles and techniques of NM applications and quality assurance.

The attached Information Sheet provides further details, including technical and administrative aspects of the event. The selection of participants will be in accordance with IAEA procedures. Member States are strongly encouraged to nominate suitable female participants.

For participants who indicate their need, the IAEA could provide financial support to contribute to the expenses of their costs for internet connection for the duration of the event in line with IAEA rules and procedures.

In this context, we would appreciate receiving your country's nominations by **23 October 2020** through the IAEA's InTouch+ platform (<https://Intouchplus.iaea.org>). Should this not be possible, applicants may download the Nomination Form for the Training Course from the IAEA's webpage. Completed forms must be endorsed by the AFRA National Coordinator and sent to the IAEA, preferably by email to Official Mail - IAEA Mail address Official.Mail@iaea.org, with copy to Ms Anna Grigoryan a.grigoryan@iaea.org. Please be advised that late nominations or replacements of participants after the closing date for nominations will not be accepted.

We look forward to receiving your early response.

Yours sincerely,
